

Lung Cancer Diagnosis and Annabelle Gurwitch Show Notes

A lung cancer diagnosis was the shocker to the year Annabelle Gurwitch already had going in 2020. She went to have a Covid test and left with a lung cancer diagnosis. She's an actress, activist, and author of five books. In 2020, she'd written a new book and started as a co-host on a podcast called Tiny Victories. Now she is sharing her lung cancer diagnosis story - as only Annabelle would, with humor.
